Sir:

In response to the outstanding Office Action mailed April 6, 2004, please consider the following remarks. The Examiner has acknowledged that Claims 1 and 2 are allowed, and further, that the application is in condition for allowance except that the original patent must be received before the reissue application can be allowed. Attached herewith is original US Patent 5,804,184.

Further, the Examiner has objected to the reissue specification as failing to refer to all related applications in the first line of the specification. In response, Applicants have amended the first line of the specification as suggested by the Examiner.
